Text | URL | Alerts | File | Bulk | Premium

A school district has a new middle school. On the first day, the students realize that they are the first people to sit in the desks, use the books in the library, walk in the halls, and set the traditions for all of the students who will attend for years and years to come. One of the teachers suggests that everyone write about his or her first day in the school. The students' narratives will be compiled in a book and placed in the library for the students who attend after them to read

On-Demand Writing Question Prompt from the KPREP Grade 6 Assessment

Reading Ease

A higher score indicates easier readability; scores usually range between 0 and 100.

Readability Formula	Score
Flesch-Kincaid Reading Ease	75.9

Grade Levels

A grade level (based on the USA education system) is equivalent to the number of years of education a person has had. Scores over 22 should generally be taken to mean graduate level text.

Readability Formula	Grade
Flesch-Kincaid Grade Level	8.5
Gunning-Fog Score	11.5
Coleman-Liau Index	8.6
SMOG Index	6.6
Automated Readability Index	9.8
Average Grade Level	**9.0**

The calculated readability grade Levels from 5 different indexes

Overall average reading difficulty is 9th grade level.
