

Year 4 Measure and Money Problems

Solve simple measure and money problems involving fractions and decimals to two decimal places.

All games have the full price on the tag. If you buy the game second-hand, it costs $\frac{1}{2}$ of the full price. If you buy two or more second-hand games together, they each cost $\frac{1}{4}$ of the full price. All new games are full price.

Use the information to answer the following questions.

Wall of Spies FOFA 16 Mindcraft The Force Sleeps Cool Duty Toastbusters

- 1. How much would it cost to buy a second-hand copy of The Force Sleeps?
- 2. What would the total cost of buying Mindcraft and The Force Sleeps second hand?

ink saving

Eço

3. How much would it he to him new versions of both Cool Duty and Toosthusters?
