

# My House

Read about Helen's house:

I live in an old fashioned terrace house. It has two floors with a big back garden full of flowers and trees. In my house there is a big hallway, large kitchen-diner and a spacious sitting room and a small toilet. Upstairs, there is a master bedroom, two medium sized bedrooms and a big family bathroom. My house is in a safe area with nice neighbors, but it is noisy because it is on a main road next to a petrol station.
