

Collecting Apples odd and Even

a game for 2-4 players

Need: Markers, 2 Dice

You have to get to the bucket of apples. Each player puts a counter on the Start.

Players take turns to roll 2 dice and add the numbers together.

If the total is an odd number the player can move to an adjoining space that has an odd number.

If the total is an even number the player can move to an adjoining space with an even number.

Continue taking turns and moving towards the Finish.

Move around the spaces with the apples on them.

First player to reach the Finish is the winner.
