Subject: Year 3 Science  
Sheet: Cloze activity - Seed dispersal

## Seed Dispersal

Read the facts about seed dispersal below and fill in the missing words.  
Use the word bank to help you.

1. A seed can grow into a new \_\_\_\_\_.
2. Plants need \_\_\_\_\_, light, water and room to grow.
3. Seeds are \_\_\_\_\_ in many different ways.
4. Some seeds can catch the \_\_\_\_\_ and float away from their parent.
5. Seeds can also travel by \_\_\_\_\_ (they get carried away by a river or stream).
6. Seeds can be dispersed by sticking to an animal's \_\_\_\_\_.
7. Some animals eat the fruits that have fallen from the trees and deposit the seeds in their \_\_\_\_\_.
8. Some seeds are dispersed by \_\_\_\_\_.
9. Seed \_\_\_\_\_ explode and fling the seeds away.
10. Seeds and fruits that are dispersed by water can \_\_\_\_\_.
11. Some seeds fall off the plant and land in the \_\_\_\_\_ of the parent plant.
12. A seed will grow \_\_\_\_\_ if it starts to grow away from the parent plant.

pods	plant	dispersed	better
wind	water	air	shade
float	droppings	explosions	fur
