

Name _____

Skill: Learning shapes—squares

Trace and color the squares.

The main activity area is enclosed in a large black rectangular border. Inside this border, there are five dashed squares arranged in two columns. The top-left square is small, the middle square is large, and the bottom-left square is small. The top-right square is small, and the bottom-right square is large. To the right of the middle square, a cartoon cat with a striped tail is peeking over a solid black square. The cat has its paws on the top edge of the square and a happy expression.
