

Presenting Perimeter

Perimeter
The distance around a figure.

To find the **perimeter**:
Add the length of each side together.

$Perimeter = 1\text{ in.} + 1\text{ in.} + 2\text{ in.} + 2\text{ in.} = 6\text{ in.}$

1. Add the lengths of the sides and then write down the **perimeter**.

<p>_____</p>	<p>_____</p>	<p>_____</p>
<p>_____</p>	<p>_____</p>	<p>_____</p>
<p>_____</p>	<p>_____</p>	<p>_____</p>
<p>_____</p>	<p>_____</p>	<p>_____</p>
