

ANNIVERSARY

Time to celebrate. This month five couples are celebrating their wedding anniversaries. Alex, Ian and three other husbands went shopping. Each bought a different gift and each spent a different amount of money. From the given clues can you deduce the name of each couple, the gift each woman received and the amount of money each husband spent?

- Glenn didn't buy the purse. He spent \$240 which is more than what Dana's husband spent
- \$200 was spent on flowers
- Jane's husband spent \$150
- Alex, who is married to Belle, spent exactly twice the amount that Eddy spent. The latter bought a bracelet
- The scarf that was bought for Fay, who isn't married to Chris, cost less than \$200
