

Calculating the Area of Polygons

Divide the following shapes into triangles, measure the base and height to the nearest millimetre and use the formula for an area of a triangle to calculate the area of these shapes.

1. _____ cm^2

2. _____ cm^2

3. _____ cm^2

4. _____ cm^2

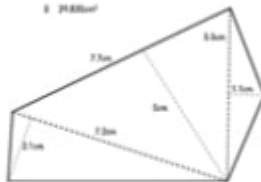

5. _____ cm^2

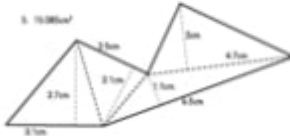

6. _____ cm^2

Answers

1. 24.88 cm^2

2. 15.88 cm^2

3. 24.88 cm^2
