

What Do You Suppose?

What do you suppose?

A bee sat on my nose.

And then what do you think?

That bee gave me a wink.

Oh what do you hear?

A bee sat on my ear.

And then what do you think?

That bee gave me a wink.

Oh what do you see?

That bee sat on my knee.

And then what do you know?

That bee stung me on my toe!
