

Knowledge Check 01

A customer purchased bench from Harrington Stores for \$1,250. The bench had originally cost Harrington \$450. When the bench was delivered, the customer noted that the color was unsatisfactory in that it did not match that of the model in the store. The customer asked for an allowance and kept the bench, while Harrington gave the customer \$150 cash.

Prepare the appropriate journal entry recorded by Harrington for this allowance. (If no entry is required for a transaction/event, select "No Journal Entry Required" in the first account field.)
